

# Crest Capital. *Industry Fact Sheet.*

Crest Capital is a direct funding source providing equipment, vehicle, and software financing and leasing to small and mid-size businesses across the United States. Crest provides 100% financing for a broad variety of business equipment, new or used, from \$5,000 to \$500,000. Crest offers fixed rates indexed to like-term treasuries from 24 to 72 months. Crest delivers a faster, less expensive alternative to variable-rate bank loans, and flexible repayment arrangements including seasonal, skip, and ramp-up payment plans on both lease and loan agreements. Crest does not provide financing for businesses with prior bankruptcies, open tax liens, judgments, repossessions, or slow pay history. Crest Capital has successfully served the business community for more than two decades, building a solid reputation for a sophisticated level of service affording fast credit response with a simple application process.
